Tana,

I have talked with everyone involved, Anthony Campos, Mark Thorne, etc., and everyone is in agreement that original guarantees should now come to credit.

If you could please, just make sure that they come to my attention so that they can be briefed and entered into our Credit Agg System. If you have any questions please give me a call.

Thanks

Lesli

Subject: Original Guarantees

Just a followup note:

We are still unclear as to whether we should continue to send original incoming and outgoing guarantees to Global Contracts (which is what we have been doing for about 4 years, since the Corp. Secretary kicked us out of using their vault on 48 for originals because we had too many documents). I think it would be good practice if Legal and Credit sent the originals to the same place, so we will be able to find them when we want them. So my question to y'all is, do you think we should send them to Global Contracts, to you, or directly the the 48th floor vault (if they let us!).
