Subject: pge Load two

Chris,

Remember way back when.....we threw out a bunch of PGE (#17) data that we were going to reload from the saved html files? Anyway, it looks like we're missing data from 2/7/01 through 3/12/01. As we discussed, we should have the html files so can we run those through the transform and get them into the database? Let me know if there are any issues.

Mat
